BOOK SUMMARY:

Harry Potter has never been the star of a Quidditch team, scoring points while riding a broom far above the ground. He knows no spells, has never helped to hatch a dragon, and has never worn a cloak of invisibility.

All he knows is a miserable life with the Dursleys, his horrible aunt and uncle, and their abominable son, Dudley – a great big swollen spoiled bully. Harry's room is a tiny closet at the foot of the stairs, and he hasn't had a birthday party in eleven years.

This book is great for those with imagination. It has the best story's and twists. I am probably biased because this is my favorite series and this is the second time I've read this book. I am currently re reading the series. I love it.
